REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

**To the Board of General Ministries
American Baptist Churches in the USA
Valley Forge, Pennsylvania**

We have audited the accompanying statements of American Baptist Churches in the U.S.A. (ABCUSA) which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ABCUSA as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

AMERICAN BAPTIST CHURCHES IN THE U.S.A.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 And 2014

(1) BACKGROUND

The American Baptist Churches in the U.S.A. (“**ABCUSA**”), as a manifestation of the church universal, bears witness to God’s intention to bring redemption and wholeness to all creation. American Baptist believe that God’s intention can be sought and followed in local congregations and other gatherings of Christians and in associational, regional, national and world bodies as they receive from one another mutual counsel and correction. Since Jesus Christ is the head of the church, each body of Christians, seeking to order its life in accordance with the Scriptures under the guidance of the Holy Spirit, has a proper responsibility under God for maintaining its life of worship, witness, and ministry.

The Internal Revenue Service (“**IRS**”) has determined ABCUSA to be an “association of churches” and, therefore, exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code. The IRS has further determined that contributions made to the ABCUSA are deductible by the donors to the extent allowed by law. Management has reviewed their tax positions and has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of ABCUSA have been prepared using the accrual basis of accounting.

NET ASSETS

For accounting and reporting purposes, ABCUSA classifies its resources into three net asset categories according to externally (donor) imposed restrictions. A description of the three net asset categories follows:

Unrestricted Net Assets – include the revenues and expenses associated with the principal mission of ABCUSA and are segregated as follows:

Board Undesignated: These may be used by management for any purpose without restriction.

Board Designated: Includes reserves such as the Functioning as Endowment, Proceeds from the Sale of the Mission Center, ABCUSA Operating Reserve and other designated balances. Although intended for specific use, these are not binding on ABCUSA.

Temporarily Restricted Net Assets – include gifts for which restrictions have not been met. Temporarily restricted net assets are limited by donors for a specific purpose or specified period.

Permanently Restricted Net Assets – include ABCUSA’s permanent endowment funds.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of amounts held in highly liquid securities with maturities of less than three months at the time of purchase and are stated at cost, which approximates fair value.

AMERICAN BAPTIST CHURCHES IN THE U.S.A.

NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2015 And 2014

ACCOUNTS RECEIVABLE FROM BAPTIST RELATED ORGANIZATIONS

Accounts receivable consist of amounts due from Baptist related organizations and local churches for mission fund support and reimbursable costs, net of allowance for doubtful accounts. Allowance for doubtful accounts is determined by review of the aged accounts receivable listing for balances that are specifically identifiable as a credit risk or uncollectible.

INVESTMENTS

Investments are stated at fair value. Donated securities are recorded at fair value on the date of receipt. Investments primarily consist of funds invested in investment pools that are managed by the American Baptist Foundation (“**ABF**”) (an affiliate), and American Baptist Home Missions Societies (“**ABHMS**”) (an affiliate).

Investment income is recorded on the accrual basis of accounting and investment transactions are recorded on trade date. Investment income including realized and unrealized gains and losses on investments are recognized as income in the Statement of Activity.

INVESTMENT IN PARTNERSHIP

In 2008, ABCUSA entered into a limited partnership agreement with the American Baptist Foreign Missions Society (“**ABFMS**”), American Baptist Home Mission Society (“**ABHMS**”), and the Ministers and Missionaries Benefits Board (“**MMBB**”) to form 588 Associates, LP (the “**Partnership**”), a Pennsylvania limited partnership, for the purpose of the acquisition of the Mission Center (the “**Sale**”), and 588 Associates, LLC (the “**Company**”), a Pennsylvania limited liability company, for the purpose of managing the activities and serving as the General Partner of the Partnership. ABCUSA holds a 34.65% interest in the Partnership and a 35% interest in the Company, which holds a 1% interest in the Partnership. ABCUSA reports its investment in the Partnership based on the equity method of accounting.

PROPERTY, LAND, EQUIPMENT AND DEPRECIATION

Property, land, and equipment are recorded at cost. Depreciation is provided on a straight-line basis and is charged to expense over the estimated useful lives of the assets. Gains and losses on the disposition of assets are recognized in the Statement of Activity in the period of disposition. Repair and maintenance costs are expensed when incurred, while improvements that extend the life of the assets are capitalized.

ABCUSA reviews its assets for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable.

ASSETS WHOSE USE IS LIMITED

Assets whose use is limited consist of investments held for a deferred compensation plan.

FUNDS OF OTHERS-MISSION SUPPORT

Mission Support consists of funds administered by ABCUSA but intended for affiliated organizations in accordance with the approved budget covenant. These payments are recorded as a liability, funds of others-Mission Support, when received.

AMERICAN BAPTIST CHURCHES IN THE U.S.A.

NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2015 And 2014

FUNDS HELD FOR OTHERS

ABCUSA collects and distributes other (non-Mission Support) funds for the benefit of others. ABCUSA holds these funds in a fiduciary capacity and its sole responsibility regarding these funds is in the capacity of acting as an agent. These funds represent contributions for other institutions and are recorded as a liability, funds held for others, when received.

DEFERRED LEASE REVENUE

Deferred lease revenue represents rental income received for a land lease and is amortized using the straight-line method over the term of the leases.

CONTRIBUTIONS

Contributions which are unconditional are recognized when received. Contributions restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the period in which the contributions are received. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related disclosures. Actual results could differ from those estimates.

(3) INVESTMENTS

ABCUSA carries its investments at fair value. ABCUSA utilizes various methods to measure the fair value of most of its investments on a recurring basis. Generally accepted accounting principles establish a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are described below:

Level 1 – Unadjusted quoted prices in active markets at the measurement date for identical assets and/or liabilities. An active market is one in which transactions for assets or liabilities occur with sufficient frequency and volume to provide pricing information on an ongoing basis. This category includes contracts traded on active exchange markets valued using unadjusted prices quoted directly from the exchange.

Level 2 – Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Assets or liabilities whose fair value is estimated based on internally developed models or methodologies using inputs that are generally less readily observable and supported by little, if any, market activity at the measurement date. Unobservable inputs are developed based on the best available information and subject to cost benefit constraints.

AMERICAN BAPTIST CHURCHES IN THE U.S.A.

NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2015 And 2014

The inputs methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities are reflected as Level 2.

The fair values of the investment securities and the associated fair value measurements as of December 31, 2015 and 2014 are as follows:

<u>2015</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

There were no transfers between Level 1 and Level 2 during the years ended December 31, 2015 or 2014.

The Blended Portfolio of the ABF and the Common Investment Fund of the ABHMS represent investment pools managed by ABF and ABHMS, respectively. Each investment has a calculated net asset value and distributions may be taken at any time. As a result, these investments are classified as Level 2.

The Blended Portfolio of the ABF has a target allocation of 60% stock and 40% bonds, however, the target allocation may vary by plus or minus in each category.

The Common Investment Fund of the ABHMS has a long-term optimal allocation target of 66% stocks, 23% bonds and 11% alternatives, however, the allocation may vary by plus or minus in each category.

Assets whose use is limited represent investments held for a deferred compensation plan.

(4) INVESTMENT IN LIMITED PARTNERSHIP AND COMPANY

ABCUSA investment (as a limited partner) in the Partnership and Company represents its equity interest of 34.65%, in the net assets of those entities which amounted to \$6,705,549 at December 31, 2015 and \$6,960,145 at December 31, 2014.

Summarized financial information for 588 Associates, LP for the year ended December 31, 2015 and 2014 is as follows:

	Statement of Financial Condition	
	<u>2015</u>	<u>2014</u>

Its share of the partnership loss for 2015 and 2014 was \$(254,596) and (\$275,714), respectively, which is recorded as “net change in value of investment in partnership” in the statement of activities. During 2014, ABCUSA contributed capital of \$192,500 to the Partnership.

Assets of the Partnership consist principally of land and buildings in which the buildings are being depreciated over their useful lives. ABCUSA provides financial management services to the Partnership. (8) LEASE OF AMERICAN BAPTIST FREEDOM CENTER

In July 1984, ABCUSA entered into an agreement to lease 24 acres of the building property to a third party. The initial lease term is for 50 years with renewal options for an additional 49 years at the lessee's discretion. In 1990, the lease was amended to provide the lessee with additional development considerations on the property. The lease has been classified as an operating lease.

Rent received for the initial lease term approximated \$4,690,000. This amount and subsequent rental revenues were deferred and are amortized using the straight-line method over various lease terms of up to 50 years. Amortization of deferred lease revenue for each of the years ended December 31, 2015 and 2014 was \$96,476.

Costs incurred in negotiating and consummating the lease transactions described above totaled \$624,496. These costs were deferred and are amortized using the straight-line method over various periods of up to 50 years. Amortization on these deferred lease acquisition costs for each of the years ended December 31, 2015 and 2014 was \$16,908. Accumulated amortization was \$496,631 and \$479,723 as of December 31, 2015 and 2014, respectively.

RETURN OBJECTIVES AND RISK PARAMETERS

ABCUSA's endowment funds are invested in various investments, primarily with ABF and ABHMS (*See Note 3*). According to policy approved by the Board, funds are invested in a manner to preserve the real purchasing power of the assets after all withdrawals and fees by earning a total rate of return over full market cycles of 3 to 5 years which will support the spending policy stated below. Additionally, the total rate of return (net of fees) is expected to equal or exceed a passive investment in commonly quoted market indices (benchmarks) based on a long-term optimal asset allocation.

To satisfy its long-term rate-of-return objectives, ABCUSA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). ABCUSA targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

SPENDING POLICY

ABCUSA sets the draw from the endowment funds by approval of the BGM Finance Committee annually. The percentage draw for operations and disbursements to related partners was 5% for all restricted and funds functioning as endowment, except for the Proceeds on the Sale of the Mission Center Fund which was at 4% for 2015 and 2014. Effective January 1, 2004, ABCUSA was assigned American Baptist Women in Ministry ("**ABWIM**") as a department within the Office of the General Secretary by the General Board, and thus, investments held in an endowment fund were transferred to ABCUSA to support the operations of the new department. ABWIM's percentage draw was 6% for 2015 and 2014. The maximum percentage allowable under terms of ABCUSA's Covenant Agreement with the Ministers & Missionaries Benefit Board ("**MMBB**") is 8%.

INTERPRETATION OF RELEVANT LAW

The Board of ABCUSA has interpreted the applicable state standards and guidelines for the prudent management of an endowment fund as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, ABCUSA classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund (i.e. the accumulated realized and unrealized gains/losses) that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization.

FUNDS WITH DEFICIENCIES

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or state standards require ABCUSA to retain as a fund of perpetual duration. As of December 31, 2015 and 2014, deficit balances of endowment income in permanently restricted net assets of \$589,278 and \$443,200 were charged to unrestricted net assets.

(12) FUNCTIONAL CLASSIFICATION OF EXPENSES

ABCUSA is required to present expenses on a functional basis if natural classifications are presented in the Statement of Activities. The functional allocation of expenses is based primarily on the amount of direct cost spent on the program or activity as follows:

	<u>2015</u>	<u>2014</u>
Programs	\$ 5,526,186	\$ 5,103,670
Management and General	1,292,330	1,317,444
Fundraising	<u>548,027</u>	<u>453,854</u>
Total	<u>\$ 7,366,543</u>	<u>\$ 6,874,968</u>

(13) CREDIT RISK AND OTHER CONCENTRATIONS

ABCUSA is required by Accounting Standards Codification (“ASC”) 825, “*Financial Instruments*” to disclose significant concentrations of credit risk regardless of the degree of such risk. As of December 31, 2015 and 2014, ABCUSA maintained bank deposits that exceeded the limit of insurability under the Federal Deposit Insurance Corporation. This risk is managed by ABCUSA in continuing to monitor the financial institutions in which it maintains relationships.

(14) CONTINGENCIES

ABCUSA is involved in litigation from time to time arising in the ordinary course of business. In the opinion of management, all such matters are adequately covered by insurance or, if not covered, are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the financial position and results of activities and cash flows of ABCUSA, if disposed of unfavorably.

(15) SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 8, 2016, the date which the financial statements were available to be issued. There were no material subsequent events required to be disclosed.
