Travel-size or small-sized items are the best to purchase. The suggested places to acquire these items are Target, Walmart (look for the hygiene section for the travel-size items), Dollar stores, etc. When your church completes the kits, please reach out to the ABC NE region office (402-556-4730) to arrange for pick up or drop off the items for storage. Thank you for being a part of such important mission work.
